

Shri Vile Parle Kelavani Mandal's

**DWARKADAS J. SANGHVI COLLEGE OF ENGINEERING**

(Autonomous College Affiliated to the University of Mumbai)

NAAC Accredited with "A" Grade (CGPA : 3.18)

**Department of Computer Science and Engineering (Data Science)**

**Subject: Machine Learning – I (DJS23DPC402L)**

**AY: 2025-26**

**Experiment 10**

**(Mini Project)**

**Aim:** Design a classifier to solve a specific problem in the given domain.

**Tasks to be completed by the students:**

Select a specific problem from any of the given domain areas, such as: Banking, Education, Insurance, Government, Media, Entertainment, Retail, Supply chain, Transportation, Logistics, Energy and Utility.

**Task 1:** Select appropriate dataset, describe the problem and justify the suitability of your dataset.

**Task 2:** Perform exploratory data analysis and pre-processing (if required).

**Task 3:** Apply appropriate machine learning algorithm to build a classifier. Perform appropriate testing of your model.

**Task 4:** Submit a report in the given format.

- Introduction
- Data Description
- Data Analysis
- Reason to select machine learning model
- Algorithm
- Result Analysis
- Conclusion and Future Scope.
- Python notebook
